

Symposium of Hand Surgery Section of Polish Orthopaedic and Traumatologic Society

Friday 25.05.2007

Session I - WRIST I – „Congress Hall” of the „Magda” hotel
moderators: *Giorgio Brunelli, Jan Skowroński, Bogusław Baczkowski*
9.45-10.50

1	9.45	40'	Giorgio Brunelli	Wrist instability (stabilitazation)
2	10.25	5'	Czarnecki P., Stawniak M., Wiese J.	Diagnostic tests in wrist instability
3	10.30	5'	Paweł Surdziel, Leszek Romanowski, Piotr Czarnecki	Dynamic correction of scapholunate instability by ECRB transfer - preliminary results
4	10.35	5'	Przemysław Lubiatowski, Leszek Romanowski, Robert Spławski, Władysław Manikowski, Piotr Ogrodowicz, Piotr Czarnecki	Treatment of triangular cartilage lesions
5	10.40	5'	Przemysław Lubiatowski, Leszek Romanowski, Robert Spławski, Władysław Manikowski, Piotr Ogrodowicz, Paweł Surdziel	Instability of distal radioulnar join - problem description and own experience
6	10.45	5'	Marcin Redman, Piotr Czarnecki, Leszek Romanowski	Application of natural disease pattern classification for selecting methods of treatment in rheumatoid wrist
	10.50	25'	Discussion	
	11.15	20'	Coffee break	

Session II - WRIST II – „Congress Hall” of the „Magda” hotel
moderators: *Marc Garcia-Elias, Mariusz Bonczar, Przemysław Lubiatowski*
11.35-13.20

7	11.35	40'	Marc Garcia-Elias	Wrist kinematics, muscle balance and implications for treatment of wrist instability
8	12.15	5'	Agnieszka Markowicz	Scaphoid union abnormalities in children and adolescents
9	12.20	5'	Paweł Reichert, Roman Rutowski, Krzysztof Zimmer, Jerzy Gosk, Maciej Urban	Treatment of delayed union and nonunion of scaphoid in own material

10	12.25	5'	Ireneusz Walaszek, Andrzej Żyluk	Results of treatment of scaphoid nonunion by means of vascularized bone graft based on intercompartmental branch of radial artery
11	12.30	5'	P. Syrówka, J. Kwarecki, A. Reluga, B. Hussein, A. Domasiewicz	Plate stabilization, or percutaneous Kirschner nail stabilization in intraarticular fractures of distal radial epiphysis.
12	12.35	5'	Bogusław Baczkowski, Adam Lorczyński, Jarosław Kabuła Tomasz Bartoszewski	Application of biodegradable materials in treatment of distal radius fractures
13	12.40	5'	Bartłomiej Kordasiewicz	Wrist arthroscopy in distal radius articular fractures
14	12.45	5'	Zygmunt Niedźwiedź	Corrective osteotomy in malunited distal radius fractures
	12.50	30'	Discussion	
			Lunch break	

**Session III - ELBOW I – „Congress Hall” of the „Magda” hotel
moderators: Alain Gilbert, Roman Rutowski, Marian Grygiel
15.00-16.15**

15	15.00	40'	Alain Gilbert	Elbow paralysis in children
16	15.40	5'	Bartłomiej Kordasiewicz	Elbow arthroscopy- therapeutic options
17	15.45	5'	Krzysztof Zimmer, Roman Rutowski, Paweł Reichert	Elbow entezopathies treatment by extra corporal shock wave therapy
18	15.50	5'	Adam Kosim, Jacek Kwarecki, Piotr Serdyński, Cezary Wasilczyk, Wojciech Jankowski	Result of operative treatment of total distal rupture of biceps tendon using Boyd – Anderson technique
19	15.55	20'	Discussion	
	16.15	20'	Coffee break	

**Session IV – ELBOW II – „Congress Hall” of the „Magda” hotel
moderators: Massimo Ceruso, Marek Bielecki, Robert Sławski
16.35-18.00**

20	16.35	40'	Massimo Ceruso	Prosthetic replacement of the elbow
21	17.15	5'	Jan Franiel, Joanna Szalewicz, Andrzej Jasiński, Tomasz Zakrzewski,	Results of the operative treatment of comminution fractures of distal humerus.

22	17.20	5'	Robert Spławski, Jarosław Lubiatowski, Marek Stawniak, Jan Długosz	The results of operative treatment of patients with distal humerus fractures
23	17.25	5'	P. Syrówka, J. Kwarecki, H. Bassam, J. Sroczyński	Estimation of intraarticular fractures treatment of distal humeral epiphysis.
24	17.30	5'	P. Syrówka, J. Kwarecki, A. Reluga, W. Jankowski, J. Sroczyński	Multifragmental fracture of proximal epiphysis both forearm bones operative treatment-2 case story.
25	17.35	5'	Bogusław Baczkowski, Adam Lorczyński, Rafał Camilleri, Joanna Dzwonkowska	Multifragmental distal radius fractures- fixation with plate of own design
	17.40	20'	Discussion	

Saturday 26.05.2007

**Session V - FREE I – „Congress Hall” of the „Magda” hotel
moderators: Piotr Prowans, Adam Lorczyński, Leszek Kaczmarek
9.00-10.45**

26	9.00	40'	Alexandru Georgescu	Microsurgical reconstruction for the elbow and wrist problems
27	9.40	5'	Leszek Romanowski, Aleksandr Astapov	The operative approach to brachial plexus and cervical spine – rat model
28	9.45	5'	Piotr Czarnecki, Leszek Romanowski, Agnieszka Szukała, Juliusz Huber	Peroneal nerve regeneration after end-to-side repair in rat
29	9.50	5'	Lesja Kosowiec, Andrzej Żyluk	Results of operative treatment of cubital tunnel syndrome by means of simple decompression
30	9.55	5'	Marek Bielecki, Marta Karpik, Jan Skowroński	Restoration of elbow flexion after brachial plexus injuries and irreparable high nerve lesions
31	10.00	5'	Marek Jedwabiński, Marian Grygiel, Jacek Kruczyński	The retrospective estimation results of surgical treatment of the wrist canal syndrome which was done by the opened and semi-opened method
32	10.10	5'	Piotr Puchalski, Andrzej Żyluk	Analysis of the factors influencing time of sick-leave in patients with carpal tunnel syndrome

33	10.15	5'	Roman Wiącek, Stanisław Pielka, Roman Rutowski, Jerzy Gosk	Assessment of subjective improvement of hand function following operative treatment of carpal tunnel
	10.20	25'	Discussion	
	10.45	25'	Coffee break	

**Session VIII - FREE II – „Congress Hall” of the „Magda” hotel
moderators: Andrzej Żyluk, Jerzy Jabłecki, Jarosław Lubiatowski
11.10-12.25**

34	11.10	5'	Jabłecki Jerzy, Kaczmarzyk Leszek, Patrzałek Dariusz, Domanasiewicz Adam, Paruzel Maciej, Chełmoński Adam, Janusz Kaczmarzyk	First Polish hand transplant - 12 month report
35	11.15	5'	Nazar Jerzy, Jarosław Lubiatowski, Witold Lubiatowski, Arkadiusz Kubacki, Dariusz Konieczny, Tomasz Jaszczak	Reconstructive Arthroplasty in treatment of tumors in upper extremity
36	11.20	5'	Jarosław Lubiatowski, Kubacki Arkadiusz, Jerzy Nazar, Witold Lubiatowski	Thermoablation in treatment of metastatic tumors to bone
37	11.25	5'	Adam Lorczyński	Results of Surgical Treatment of Syndactyly Depending on the Method of New Web Creation
38	11.30	5'	Maciej Urban, Roman Rutowski, Józef Urban, Jerzy Gosk, Paweł Reichert	Long term results of operating “boutonniere” deformity
39	11.35	5'	Piotr Prowans, Mirosława El Fray, Lesja Kosowiec, Paweł Jakuszuk	Search for new protection against microbiological colonization of prostheses used in reconstructive surgery
40	11.40	5'	Paweł Zejler	Microsurgical reconstruction in upper extremity- own experience
41	11.45	5'	Piotr Ogrodowicz, Przemysław Lubiatowski, Marcin Wojtaszek, Leszek Romanowski, Władysław Manikowski	Role of proprioception in dynamic stability of the shoulder
42	11.50	5'	Agnieszka Protasewicz	Management Principles In Radial Club Hand, Possibilities of Prehensile Hand Reconstruction
43	11.55	5'	Jabłecki Jerzy, Kaczmarzyk Leszek, Kaczmarzyk Janusz, Domanasiewicz Adam	Possibilities of thumb reconstruction amputated in IP zone by means of pollicisation of the part of the 4th digit- preliminary report
	12.00	25'	Discussion	

POSTER SESSION

moderators: *Władysław Manikowski, Krzysztof Zimmer, Leszek Romanowski*

P1	Adam Lorczyński	Tenodesis and dorsal capsulodesis in scapholunate instability- operative technique
P2	Damian Zaborowski, Wojciech Mikuła, Firas Albarazi, Katarzyna Kiwerska-Jagodzińska	Norian in the treatment of compressive distal radial fracture
P3	Agnieszka Markowicz	Result of hand revascularization following amputation at the level of the wrist
P4	Paweł Zejler, Justyna Drukała	Treatment of severe forearm and hand injury with vascularized omental flap and autologic cultured keratinocytes
P5	Paweł Zejler	Posttraumatic pseudoaneurysma of digital artery
P6	Beata Źwańska, Bogusława Góralczyk, Maria Grodner	The influence of rehabilitation on improvement of upper limb function by children with obstetrical brachial plexus palsy
P7	Katarzyna Kiwerska-Jagodzińska, Wojciech Mikuła, Damian Zaborowski	Rehabilitation of the elbow dislocations; basic and indispensable element of long; lasting process of treatment
P8	Robert Rokicki	Firecracker hand injuries
P9	M. Syrko, J. Jabłecki, A. Arendarska-Maj	Congenital complex extremity malformation - case presentation
P10	Walaszek Ireneusz, Żyluk Andrzej, Sobolewski Piotr, Szlosser Zbigniew	Comparative results of two techniques of flexor tendon repair
P11	Lesja Kosowiec, Andrzej Żyluk	Assessment of median nerve function in patients with carpal tunnel syndrome in respect to sympathetic function

Workshop of Hand Surgery

Thursday 24.05.2007

W1	12.00 – 15.00	Smith&Nephew	Elbow and wrist arthroscopy	Zakład Patomorfologii, Wojewódzki Szpital Zespolony
W2	16.00 – 19.00	Synthes	Intra-articular fractures of the upper extremity	„Green Hall” of the „Magda” hotel

Friday 25.05.2007

W3	13.00 – 15.00	Synthes	Intra-articular fractures of the upper extremity	„Green Hall” of the „Magda” hotel
----	---------------	---------	--	-----------------------------------

Meeting of Polish Society of Physiotherapy

Saturday 26.05.2007

Session VI – "Golden Hall" of the „Magda” hotel

**moderators: Marek Pieniążek, Joanna Szalewicz-Szpunar, Andrzej Szczygiel
9.00-10.25**

44	9.00	30'	Pieniążek Marek, Pelczar-Pieniążek Maria	Specific aspects of hand rehabilitation
45	9.30	8'	lek. med. Joanna Szalewicz-Szpunar, dr n. med. Jan Franiel, dr n. med. Andrzej Jasiński, dr n. med. Bogdan Koczy, mgr Joanna Szczerba, mgr Roman Kostur	Therapist's management after operating treatment of the intraarticular distal humerus fractures
46	9.38	8'	Pieniążek Marek, Pelczar-Pieniążek Maria, Kucia Krzysztof, Szczechowicz Jakub	Method and results of restitution of elbow joint function after traumatic injuries

47	9.46	8'	Szczygieł Andrzej, Put Marcin	Application of medical taping in the process of hand function restoration after an extensive forearm injur; analysis of bioelectrical changes
48	9.54	8'	Krzysztof Kucia	The evaluation of stabilization methods used in golfers and tennis elbow syndrome in relation to sport climbers
49	10.02	8'	Szczechowicz Jakub, Pieniążek Marek, Pelczar-Pieniążek Maria	Sensibility restitution and possibilities of daily activities with patients after surgical treatment of Carpal Tunnel Syndrome
	10.10	15'	Discussion	
	10.25		Coffee break	

**Session VII – "Golden Hall" of the „Magda” hotel
moderators: Jakub Szczechowicz, Marcin Syrko, Maria Grodner
10.50-12.30**

50	10.50	30'	Przemysław Lisiński	Rehabilitation following rotator cuff repair
51	11.20	8'	M. Syrko, A. Arendarska-Maj, J. Jabłecki	Rehabilitation after hand transplantation- own experience
52	11.28	8'	Aneta Arendarska-Maj, Marcin Syrko, Jerzy Jabłecki	Physiotherapy after index policization procedure
53	11.36	8'	Anna Karwacka	The accuracy of diagnosis of the median nerve neuropathy in carpal tunnel and its effects
54	11.44	8'	Agnieszka Wańczyk, Marek Pieniążek, Maria Pelczar-Pieniążek	Program and results of rehabilitation following FPL repair
55	11.52	8'	Agnieszka Ziółko, prof.dr hab. Marek Pieniążek, mgr Maria Pieniążek	Results and program of physiotherapy following operative treatment of Dupuytren's contracture
56	12.00	8'	Tomasz Bazański, Wiesław Chwała	The kinematic analysis of the hand joints parameters during the every day activities using the three-dimensional analysis motion system Vicon 250
	12.08	20'	Discussion	
	12.30		General Assembly of section of Hand Therapists of Polish Society of Physiotherapy	

POSTER SESSION

P6		Beata Źwańska, Bogusława Góralczyk, Maria Grodner	The influence of rehabilitation on improvement of upper limb function by children with obstetrical brachial plexus palsy
P7		Katarzyna Kiwerska-Jagodzińska, Wojciech Mikuła, Damian Zaborowski	Rehabilitation of the elbow dislocations; basic and indispensable element of long; lasting process of treatment

Workshop of Rehabilitation

Friday 25.05.2007

W5	16.00 – 16.45	M. Pieniążek	Terapia manualna w obrębie łokcia, przedramienia i nadgarstka - (A.Szczygieł)	„Golden Hall” of the „Magda” hotel
W6	16.45 – 17.30	M. Pieniążek	Aparatowanie ręki - wskazania do stosowania aparatu Capenera - praktyczne wykonanie aparatu - (J.Szczechowicz).	„Golden Hall” of the „Magda” hotel

Satellite session

Friday 25.05.2007

S1	14.30 – 15.00	HEEL	Traumeel S	„Golden Hall” of the „Magda” hotel
S2	15.00 – 15.30	MEDEN-INMED	Propozycje zaopatrzenia ortopedycznego	„Golden Hall” of the „Magda” hotel
S3	15.30-16.00	KALMED	Zastosowanie aparatów CPM kończyny górnej - prezentacja, warsztaty (Jan Kalkowski)	„Golden Hall” of the „Magda” hotel
